Anne Greenwood - Commercial and Domestic Energy Assessor

Anne Greenwood, Commercial and Domestic Energy Assessor based in Horsham. Anne provides Energy Performance Certificates (EPCs) for both commercial and domestic properties that are being sold or rented out. She covers the area from south of the M25 to the South Coast.

EPCs are still a legal requirement for commercial and domestic properties being sold and for those being rented out.

In addition to your EPC, you also get a report giving recommendations as to how energy efficiency can be improved in the property. Reports are usually available within 24- 48 hours of the survey. Anne is fully qualified and accredited and offers competitive prices with multi-property discounts available.

She is looking for introductions to landlords, with either just one house or a large portfolio of properties; estate agents; letting agents; commercial agents, architects, surveyors and solicitors and anyone who is selling their house.

Think Green, call Anne Greenwood.
