

# Gatwick Flagship Chapter

---

Good morning everyone.

Today I am representing Tony & Phil from AQ Services Ltd.

AQ Services are your local electrical contractors, based in Horsham, who will travel.

WHO DO YOU KNOW, who requires any electrical work to be carried out on any, single phase or three phase installation in a Commercial or Industrial premises?

WE ARE THE PEOPLE THEY NEED

Again WHO DO YOU KNOW, who switches on a light or a machine, and nothing happens, or even worse, they turn on the switch and, EVERYTHING ELSE GOES OFF

Is this is something your clients or friends complain of?

If so, please pass on our card, or even better, give us a call when you are with them.

It may be possible to help directly over the phone, or we will be more than happy to arrange a visit to find and fix the problem.

We are fully qualified to Inspect, Test & Certify ALL electrical installation to the new 2008 17th Edition IEE Regulations.

We are also fully qualified to complete all necessary Portable Appliance Testing to comply with " The Electricity At Work Act" Legislation.

AQ Services are seeking referrals or leads for, electrical works in Commercial or Industrial premises, your help in this area would be appreciated.

And always remember.

Electricity is safe in Our Hands.
