

Gatwick Flagship Chapter

Good morning, David James professional gardener.

I undertake all aspects of garden maintenance. Lawns, border work, hedge trimming and aquatics.

I also undertake landscaping projects, from talking to the client to know exactly the sort of garden they wish to create and helping them with suggestions for this. I can then make the necessary drawings and plans with all plant names and their cultural needs in a separate format. And if they so wish, I will source the materials and plants at less than Garden Centre prices and carry out all the necessary work from start to finish.

I have 40 years of knowledge and experience in horticulture and feel you can refer me with confidence to your customers and clients.

David James, Professional Gardener
