

# Gatwick Flagship Chapter

---

Paul Shepard, Oracle Heating Services

As a CORGI registered gas heating engineer, specialising in maintenance, servicing and repair of

gas boilers, gas fires, warm air heaters and all domestic gas pipe work including gas cooker & hob installation

I specialise in repairs and upgrading of heating control systems and all the systems electrical components.

Who do you know who is about to buy or sell a property

And need a survey or safety check on the heating system,

or landlords and letting agents who are in need of a Gas Safety Certificate.
