

Gatwick Flagship Chapter

Good morning, my name is speaking on behalf of Ray Shore representing Carrot Print & Marketing. A printing firm with Quality, Service and Value, the benchmark.

Printing is an important tool used by businesses everywhere to help raise their credibility and company profiles.

We help many businesses by producing all forms of print, and have been very successful.

To build on this success, we would like to do more. If you are aware of any business that might like a reliable supplier Carrot would be very pleased with your help. In particular, Schools, Hospitals or building companies.

We would also like to help you and will come up with good referrals as we can.

Carrot print and Marketing has an excellent team of staff, who do a really good job.

Never call us cheap but we try to be as competitive as we can

That is Ray Shore, Carrot Print & Marketing

Thank you
